Tattoos and Tequila to Hell and Back Wit - Neil Vince ...
Dr Max Pemberton explains why people should respect Tracey Emin's decision to distance herself from her friends following her surgery to remove cancerous cells.

M ö tley Cr ü e's lead singer and rock's ultimate bad boy, Vince Neil, lets the real dirt fly in this raw, raunchy, and completely uncensored road trip through the unbelievable depths of rock n' roll debauchery. You've seen The Dirt on Netflex, now read the nitty gritty stories in Vince's own words. For 30 years, Vince Neil has been one of rock's most notorious frontmen. From sex tapes with porn stars and multiple arrests for drunk and disorderly behavior to his turns as a strip club and tattoo parlor owner, his antics make Mick Jagger look like a choirboy. Now, he tells the whole story, in his own words, as it has never been told before. The glory days of excess. Vince's break with the band and his arduous re-uniting with its members, especially Tommy Lee. The tragic death of his daughter Skylar. And, for the first time, Vince painfully opens up about his actions (and lack of real consequences) surrounding his part in the drunk-driving death of his friend Razzle. Then there are the stories and anecdotes that even hardcore Crue fans don't know. We also hear the voices of his friends, rock star cronies, ex-wives, family, and children in an effort to get to the heart of the matter. Tattoos and Tequila reveals the real Vince Neil, from his many vices--booze, sex, and many, many women, to his personal and private tragedies and triumphs as a musician and businessman. Sexy, shocking, and revelatory, this is the first personal account of one of rock's most troubled, outrageous, and flamboyant stars.

Front man Vince Neil relates his story with the leading hair band of the 1980s--M ö tley Cr ü e.

NOW A NETFLIX ORIGINAL MOVIE STARRING MACHINE GUN KELLY, DANIEL WEBBER, DOUGLAS BOOTH, AND IWAN RHEON, DIRECTED BY JEFF TREMAINE. Celebrate thirty years of the world's most notorious rock band with the deluxe collectors' edition of The Dirt—the outrageous, legendary, no-holds-barred autobiography of M ö tley Cr ü e. Fans have gotten glimpses into the band's crazy world of backstage scandals, celebrity love affairs, rollercoaster drug addictions, and immortal music in M ö tley Cr ü e books like Tommyland and The Heroin Diaries, but now the full spectrum of sin and success by Tommy Lee, Nikki Sixx, Vince Neil, and Mick Mars is an open book in The Dirt. Even fans already familiar with earlier editions of the bestselling expos é will treasure this gorgeous deluxe edition. Joe Levy at Rolling Stone calls The Dirt "without a doubt . . . the most detailed account of the awesome pleasures and perils of rock & roll stardom I have ever read. It is completely compelling and utterly revolting."

I am Tommy Lee, born Thomas Lee Bass in Athens, Greece, on October 3, 1962, and raised in a suburb of California by an American father and a Greek mother. At seventeen, I joined M ö tley Cr ü e and we became one of the baddest-ass rock bands in history. We sold over 40 million albums, we wreaked havoc, we scared parents, and we titillated too many fathers' daughters. I've been married three times: once for just a few days to a Penthouse Pet, for seven years to Heather Locklear, and then for five years to Pamela Anderson, with whom I have two beautiful sons. I've gotten into a lot of fights and I've been to jail a few times. But this book isn't your typical journey in a straight line from day one to day now. I'm more interested in revealing what's most important about my life, like how I cook my steaks; what I think of the tabloids, the truth, my ex-wives, my ex-band, my music; and what an innocent observer might find hanging around my house any given Sunday. You'll get plenty of facts and I'll tell you a story, but my real mission here is to paint you a picture of my life. I want to show you how my memories smell. I'd like to get into it now, so please take your seats. I advise you to keep your arms and legs inside the car at all times. If you have a pacemaker, a heart condition, or if you are pregnant or too damn short to reach the safety bar, I ask that you turn back immediately. Those with weak stomachs, strict morals, or chronic indigestion should put the book down now. For the rest of you, there's one truth that's real across the board: What you send out is what you get back. Send out the good, people, and it will come back to you. There's another thing I've learned over the years, in court, in fights, and in arguments with people I love: There isn't one truth, there are many. This book is my truth. NOTE: THE EBOOK DOES NOT INCLUDE PHOTOGRAPHS THAT APPEAR IN THE PRINT EDITIONS.

This Is Gonna Hurt is music, photography, and life through the distorted lens of Nikki Sixx, bassist for heavy metal rock band M ö tley Cr ü e ' s and the New York Times bestselling author of The Heroin Diaries. A combination of powerful prose and dramatic photographs, This Is Gonna Hurt is an arresting, deeply personal look through the eyes of a real rock star at a stark, post-addiction world.

In honor of the ten-year anniversary of The Heroin Diaries, Nikki Sixx ' s definitive and bestselling memoir on drug addiction is reissued with exclusive new content. This shocking, gripping, and at times darkly hilarious memoir explores Nikki ' s yearlong war with a vicious heroin addiction. Now more than ever, with opioid addiction ravaging our country and rising by twenty percent in the past year alone, Nikki ' s story of both his descent into drug-addled decay and subsequent recovery and transition into a rehabilitation advocate are now more relevant than ever. When M ö tley Cr ü e was at the height of its fame, there wasn ' t any drug Nikki Sixx wouldn ' t do. He spent days—sometimes alone, sometimes with other addicts, friends, and lovers—in a coke- and heroin-fueled daze. The highs were high, and Nikki ' s journal entries reveal some euphoria and joy. But the lows were lower, often ending with Nikki in his closet, surrounded by drug paraphernalia and wrapped in paranoid delusions. Here, Nikki shares the diary entries—some poetic, some scatterbrained, some bizarre—of those dark times. Joining him are Tommy Lee, Vince Neil, Mick Mars, Slash, Rick Nielsen, Bob Rock, and a host of ex-managers, ex-lovers, and more. Brutally honest, utterly riveting, and surprisingly moving, The Heroin Diaries follows Nikki during the year he plunged to rock bottom—and his courageous decision to pick himself up and start living again.

Rock-and-roll icon and three-time bestselling author Nikki Sixx tells his origin story: how Frank Feranna became Nikki Sixx, chronicling his fascinating journey from irrepressible Idaho farmboy to the man who formed the revolutionary rock group M ö tley Cr ü e. Nikki Sixx is one of the most respected, recognizable, and entrepreneurial icons in the music industry. As the founder of M ö tley Cr ü e, who is now in his twenty-first year of sobriety, Sixx is incredibly passionate about his craft and wonderfully open about his life in rock and roll, and as a person of the world. Born Franklin Carlton Feranna on December 11, 1958, young Frankie was abandoned by his father and partly raised by his mother, a woman who was ahead of her time but deeply troubled. Frankie ended up living with his grandparents, bouncing from farm to farm and state to state. He was an all-American kid—hunting, fishing, chasing girls, and playing football—but underneath it all, there was a burning desire for more, and that more was music. He eventually took a Greyhound bound for Hollywood. In Los Angeles, Frank lived with his aunt and his uncle—the president of Capitol Records—for a short time. But there was no easy path to the top. He was soon on his own. There were dead-end jobs: dipping circuit boards, clerking at liquor and record stores, selling used light bulbs, and hustling to survive. But at night, Frank honed his craft, joining Sister, a band formed by fellow hard-rock veteran Blackie Lawless, and formed a group of his own: London, the precursor of M ö tley Cr ü e. Turning down an offer to join Randy Rhoads ' s band, Frank changed his name to Nikki London, Nikki Nine, and, finally, Nikki Sixx. Like Huck Finn with a stolen guitar, he had a vision: a group that combined punk, glam, and hard rock into the biggest, most theatrical and irresistible package the world had ever seen. With hard work, passion, and some luck, the vision manifested in reality—and this is a profound true story finding identity, of how Frank Feranna became Nikki Sixx. It's also a road map to the ways you can overcome anything, and achieve all of your goals, if only you put your mind to it.

A tell-all memoir from the lead singer of the 1980s hair-metal band Ratt reveals all the aspects of rock star excess, including the groupies, the trashed hotel rooms, and the drugs.

M ö tley Cr ü e's gleeful glam debauchery and unstoppable anthems have made them metal gods, selling over 72 million album copies worldwide and landing their band biography The Dirt on bestseller lists around the country. M ö tley Cr ü e is—amazingly—the first photographic history of the band. Legendary rock photographer Neil ZLozower's images capture the band's rise from their breakthrough album Shout at the Devil through rock 'n' roll excesses to follow with the unprecedented all-access candor of a friend to the band. In hundreds of photographs and stories from the band and those close to them, M ö tley Cr ü e reveals them onstage, backstage, on tour, hanging out, and in studio—a must-have album of photos and testimony on one of the most powerful and controversial bands in rock history.

Set against the frenzied world of heavy metal superstardom, the co-founder of legendary Motley Crue offers an unflinching and gripping look at his own descent into drug addiction. When Motley Crue were at the height of their fame, there wasn't a drug Nikki Sixx wouldn't do. He spent days - sometimes alone, sometimes with others addicts, friends and lovers - in a coke- and heroin-fuelled daze. THE HEROIN DIARIES reveals Nikki's personal diary entries alongside commentary from the people who know Nikki best including band mates Tommy, Vince and Mick. The book is a candid look at a nightmare come true: a punishing heroin addiction that brought Nikki to the edge of losing his talent, his career, his family and finally to a near-fatal overdose which left him clinically dead for a few minutes before being revived. Brutally honest, utterly riveting and shockingly moving, THE HEROIN DIARIES follows Nikki during the year he plunged to rock bottom and his courageous decision to pick himself up and start living again.
