Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Hatchet meets Maybe a Fox in this “gripping, suspenseful” (Kirkus Reviews, starred review) novel about Edgar, a boy who has lost the ability to speak and can only bark, and his dog Benjamin as they travel through the freezing Yukon wilderness in order to stop Edgar’s mother from making a huge mistake. Eleven-year-old Edgar’s mom is making him move. Again. This time, they’re headed to a tiny town in the Yukon called Dawson, Alaska. For once, though, Edgar is excited. They’ll be housesitting, and with the house comes a dog: Benjamin. It’s love at first sight when Edgar first spies the massive Newfoundland, and soon Edgar starts liking lots of other things about Dawson. But just as soon, he starts noticing things. The kinds of things his mom did before; the kinds of things that caused them to move so much. The kinds of things that will surely, absolutely cause them to move again. Unless he can warn the people who are about to be hurt. Yet just when Edgar needs his voice most...it’s gone. Suddenly, he can’t communicate with anyone but Benjamin. So, with the dog by his side, Edgar embarks on a dangerous journey across the frozen Yukon River in search of answers—and a way to keep his mother from upturning their lives all over again. But the wilderness is not kind. Edgar and Benjamin find themselves in a situation right out of Edgar’s favorite Jack London story. With cracking ice, freezing water, bone-chilling temperatures, and looming, lurking wolves, Edgar must find a way to survive before he can stop his mother from wrecking everything.

Describes the life and work of Ted Harrison, who is best known for his colorful paintings depicting everyday life in the Yukon.

The chronicle of a family’s first year alone in Alaskan wilderness, Arctic Son is a poetic journey of discovery into what we value in life. In 1992 Jean Aspen and her husband, Tom, left Arizona and took their young son to live in Alaska’s interior wilderness, building a cabin out of logs, hunting for food, and letting the vast, harsh beauty of the Arctic close in around them. While Jean had faced Alaska’s wilderness before in a life-altering experience she described in Arctic Daughter. This journey would be different. Dogged by sickness and hardships, cut off from the rest of the world, her family faced not only a test of endurance, but of its own well-being and survival. From a daily struggle against the elements to an encounter with a grizzly bear at arm’s length, from moments of breathtaking beauty and self-realization to a harrowing, six-hundred-mile river passage back to civilization, Arctic Son chronicles fourteen remarkable months in the Alaskan wilderness. At once a portrait of courage and a heart-pounding adventure story, Arctic Son portrays a family’s extraordinary journey into America’s last frontier.
