This new edition of
How People Tick is a
practical guide to over
50 types of difficult
people such as Angry
People, Blamers,
Impatient People,
Workaholics and
Gossips. Each difficult

situation is described,
how it happens is
analysed, and then
strategies to help you
deal with the problem
are suggested.

Disruptive behaviour
patterns can be
addressed once and
for all, instead of
having to handle one-
off 'difficult' events,
time and time again.

Absolutely invaluable

Where To

to everybody, How
People Tick is full of
tried and tested tips
for handling 'difficult'
people in 'difficult'
situations, based on a
real understanding of
their behaviour. It is
an essential read if
you find people
bewildering or just
plain difficult, and yet
still want to

Completely revised
and updated to
address changes in
technology, this new
edition is the definitive
guide to the art and
science of sailing.

Since the publication
of the widely hailed
first edition in 1983,
The Annapolis Book

of Seamanship has
set the standard by
which other books on
sailing are measured.
Used throughout
America as a textbook
in sailing schools and
Power Squadrons,
The Annapolis Book
of Seamanship
thoroughly and clearly
covers the
fundamental and
advanced skills of

modern sailing. This edition of Annapolis is a major overhaul.

Over half the book has been revised; old topics and features have been updated, and many new ones have been introduced. The design has been modernized, and many color illustrations have been added. As big

and detailed as
Annapolis is, the
wealth of technical
information (including
dozens of step-by-
step instructions) is
presented here in a
way that is uniquely
readable; it's both
useful and easy to
use. This is because
John Rousmaniere
and artist Mark Smith

Despite cruising different oceans, we—Jan and Carolyn--both faced the same challenges: eating well while having time to enjoy all the other great aspects of cruising. We love to snorkel,
