"When the young Afghanisthanian girl Samira is born, her father, a commander fighting in the mountainous regions of Afghanistan, decides to raise her as a boy called Samir. The fact that Samir is really a girl is soon forgotten as Samir learns to fight, ride and shoot as well as any boy and when her father is killed she becomes the head of the family. As an adult she falls in love with the male friend of her youth and is forced to reveal her true identity. In order to marry Bashir she must relinquish the freedom she is afforded as a man. Samira follows her heart but hates wearing the veil. Eventually the torment becomes too great and she decides that there must be a third way to live, as a confident woman not confined by the rules of her culture. This is her story.

In this practical book, family counselor and best-selling author Gary Smalley, with John Trent, reveals a simple yet profound plan for a marriage of depth, warmth, and excitement. "In The Electric Guitar, scholars working in American studies, business history, the history of technology, and musicology come together to explore the instrument's importance as an invention and its peculiar place in American culture. Documenting the critical and evolving relationship among inventors, craftsmen, musicians, businessmen, music writers, and fans, the contributors look at the guitar not just as an instrument but as a mass produced consumer good that changed the sound of popular music and the self-image of musicians."--BOOK JACKET.
