From 1573 to 1617, Master Franz Schmidt was the executioner for the towns of Bamberg and Nuremberg. During that span, he personally executed more than 350 people while keeping a journal throughout his career. A Hangman ' s Diary is not only a collection of detailed writings by Schmidt about his work, but also an account of criminal procedure in Germany during the Middle Ages. With analysis and explanation, editor Albrecht Keller and translators C. Calvert and A. W. Gruner have put together a masterful tome that sets the scene of execution day and puts you in Master Franz Schmidt ' s shoes as he does his

duty for his country. Originally published more than eighty years ago, A Hangman ' s Diary gives a year-by-year breakdown on all of Master Schmidt ' s executions, which include hangings, beheadings, and other methods of murder, as well as explanations of each crime and the reason for the punishment. An incredible classic, A Hangman ' s Diary is more than a history lesson; it shows the true anarchy that inhabited our world only a few hundred years ago. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Collects recipes for sixty five pizza dishes inspired by the Teenage Mutant Ninja Turtles, including New York-style pepperoni pizza, Leo's katana slashes, and pizza potstickers.

More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation procedures or how to safely troubleshoot these devices if they go on the blink.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Step into this wondrous world of mystical lands, heroes, and beasts—all from the imagination of artist Paolo Martinello. This extraordinary fantasy of magic, races, and culture blends wells with traditional tarot archetypes.

Millions of people are missing! There is mass panic and widespread devastation. What has happened to all the missing people? Loved ones have disappeared! All the children are missing! There are massive pile-ups on the highways with empty cars and other cars are filled with injured or dead people from all the wrecks. The streets look like a war zone! Was it an alien invasion or an attack of the zombies? Maybe they are all just hiding somewhere, because people cant just vanish into thin air! Is there a common thread for all the missing people? Could it be the glorious appearing of Jesus Christ at the catching away or the Rapture of the Church? The one thing all the missing have in common is that there were true Christian, all were born-again believers. What has happened with all certainty is... the Rapture of the Church! If you have missed the Rapture of the Church, this book will help guide you through the tough days ahead and will provide insight into what will transpire on earth during the Tribulation Period. If the Rapture has not happened yet, this book will help prepare your heart to meet Christ and not have to endure the distress and turmoil of the wrath of God during the Great Tribulation.
