The Routledge Companion to Critical Marketing brings together the latest research in Critical Marketing Studies in one authoritative and convenient volume. The world's leading scholars and rising stars collaborate here to provide a survey of this lively subdiscipline. In doing so they demonstrate how a critical approach yields an enriched understanding of marketing theory and practice, its role in society, and its relationship with consumers themselves. It is the first attempt to capture the state of Critical Marketing research in many years. As such, this seminal work is unmissable for scholars and students of marketing and consumer research as well as those exploring sociology, media studies, anthropology and consumption scholarship more generally.

Bargaining in the Shadow of the Market – Selected Papers on Bilateral and Multilateral Bargaining consists of selected research in bargaining carried out by Kalyan Chatterjee by himself and with various co-authors. Chatterjee has been one of the earliest researchers to work on noncooperative bargaining theory and has contributed to bilateral bargaining with parties having private information as well as multilateral coalition formation models. Some of his work in each of these areas finds place here.The main theme of this collection of papers is the nature of negotiations when participants have alternatives to continue negotiating, either by beginning negotiations with a different partner or set of partners or by engaging in time-consuming search for such partners. Chapters in this book include: a noncooperative theory of coalitional bargaining and features a laboratory experiment relevant to this theory as well as an extension to political negotiations, search for alternative partners, the effect of markets and bargaining on incentives of players to invest in the partnership and related papers on incentive compatibility, arbitration and a dynamic model of negotiation. The book also includes a new introduction that puts these papers in the context of the broader literature in the field.

Once relegated to the dusty shelves of ancient muses, research and scholarship on entrepreneurship has exploded as a field of research, with impactful additions from a range of disciplines rendering the field a tricky one to traverse. The Routledge Companion to the Makers of Modern Entrepreneurship offers a comprehensive guide to entrepreneurship, providing an authoritative exploration of the key people and their ideas. This book tells the stories of the scholars who have set the standard and tone for thinking and analysing entrepreneurship. Edited by two of the world's leading entrepreneurship scholars, this comprehensive volume offers a platform for understanding and future research that is both state-of-the-art and authoritative. It expands on how modern entrepreneurship has developed, with a focus on the key "makers" of the field - including theories, such as social psychology; concepts, such as neuroeconomics; and types, such as political entrepreneurship. The contributions to the collection are grouped into three sections: Emergence of Entrepreneurship Research Theories in Modern Entrepreneurship Concepts and Makers in Modern Entrepreneurship This companion is essential reading for students and academics interested in entrepreneurship, entrepreneurial management and business management.

The Routledge Companion to Contemporary Anthropology is an invaluable guide and major reference source for students and scholars alike, introducing its readers to key contemporary perspectives and approaches within the field. Written by an experienced international team of contributors, with an interdisciplinary range of essays, this collection provides a powerful overview of the transformations currently affecting anthropology. The volume both addresses the concerns of the discipline and comments on its construction through texts, classroom interactions, engagements with various publics, and changing relations with other academic subjects. Persuasively demonstrating that a number of key contemporary issues can be usefully analyzed through an anthropological lens, the contributors cover important topics such as globalization, law and politics, collaborative archaeology, economics, religion, citizenship and community, health, and the environment. The Routledge Companion to Contemporary Anthropology is a fascinating examination of this lively and constantly evolving discipline.
