Rock: Music, Culture, and Business is an introduction to the history of rock music that focuses on music from the mid-1940s to the current day and emphasizes the connections between music and culture. Using the distinctive approach successfully brought to bear in their previous book, American Popular Music, the authors provide a well-balanced look at both the

The popularity and worldwide scope of rock music resulted in a powerful impact on society. Rock and roll influenced daily life, fashion, attitudes and language in a way few other social developments have equalled. As the original generations of rock and roll fans matured, the music became an accepted and deeply interwoven thread in popular culture. Beginning in the early 1950s, rock songs and acts began to be used in a few television commercials; within a decade this practice became widespread,
