From the hosts of Bravo's Backyard Envy comes a beautifully photographed guide to converting your outdoor space into an enviable oasis, whether you have a backyard, brownstone patio, or three-season porch. Dubbed the "plantfluencers" by the New York Times, Mel Brasier, Garrett Magee, and James DeSantis, owners of the Manscapers landscaping company, do more than plant, mulch, and manicure a garden; they look at the space just as interior designers do a room, considering the aesthetics and the way people live in it. Now they show you how to apply familiar interior design principles to your outdoors, including:

- Deciding on a concept to help direct the mood of your space
- "Zoning" your space into functional areas, such as for lounging, cooking, or entertaining
- Defining the areas with furniture and hardscaping like fencing, decking, pools, planters, pergolas, and pathways
- Bringing in the green, including plants that are both functional (privacy shrubs and shade trees) and decorative (pretty perennials, climbers, and textural grasses)
- Adding the finishing touches:

“For introverts who panic at the idea of networking, Wickre’s book is a deep, calming breath.” —Sophia Dembling, author of *The Introvert’s Way* Former Google executive, editorial director of Twitter, self-described introvert, and “the best-connected Silicon Valley figure you’ve never heard of” (Walt Mossberg, *Wall Street Journal*), offers networking advice for anyone who has ever canceled a coffee date due to social anxiety. Learn to nurture a vibrant circle of reliable contacts without leaving your comfort zone. Networking has garnered a reputation as a sort of necessary evil. Some people relish the opportunity to boldly work the room, introduce themselves to strangers, and find common career ground—but for many others, the experience is awkward, or even terrifying. The common networking advice for introverts are variations on the theme of overcoming or “fixing” their quiet tendencies. But Karen Wickre is a self-described introvert who has worked in Silicon Valley for thirty years. She shows you how to embrace your quiet nature and “make genuine connections that last, that we can nurture across the world for all kinds of purposes” (Chris Anderson, head of TED). Karen’s “embrace your quiet side” approach is for anyone who finds themselves shying away from traditional networking activities, or for those who would rather be curled up with a good book on a Friday night than out at a party. With compelling arguments and creative strategies, this “practical, easy-to-use” (Sree Sreenivasan, former chief digital officer of Columbia University) book is a perfect guide.
