Hypocalcemia | 5-Minute Pediatric Consult

With these acknowledgments, it is a pleasure to welcome you to this new edition of The 5-Minute Pediatric Consult. And in the words of Mr. Maurice Sendak once again, "let the wild rumpus start!"² MICHAEL D. CABANA, MD, MPH San Francisco, 2018

The thoroughly updated Fifth Edition of this best-selling reference provides immediate, practical advice on problems seen in infants, children, and adolescents. More than 460 chief complaints and diseases are covered in the fast-access two-page 5-Minute Consult format. Other features include a medication index, syndromes glossary, surgical glossary, laboratory values, and tables. This edition has new emergency department material including caustic, opioid, and "ecstasy-type" drug ingestion. New material on childhood obesity, metabolic syndrome, and probiotics is also included. A brand-new companion Website offers the fully searchable text plus full-color clinical photographs from Chung/Boom/Datto/Matz, Visual Diagnosis in Pediatrics. (www.5minpediatricconsult.com) This edition is also available for PDAs. See Media Products section for details.

The newly updated Second Edition of The 5-Minute Pediatric Consult--one of the best-selling references in pediatrics and family medicine--is now available on CD-ROM. This electronic reference provides instant access to clinically-oriented, must-have information on all pediatric problems. The CD-ROM contains the full text, plus a full-color atlas of 315 photographs. The software allows you to quickly scroll an alphabetical list of more than 425 medical/surgical conditions and click for complete information. You can search by key word, topic, or phrase...move easily between screens without losing your place...bookmark areas you use frequently...make your own notes...and print text to attach directly to a patient's chart. Windows Compatible This CD-ROM can be purchased separately, or together with the printed text in a money-saving package.

Now in its revised, updated Third Edition, this best-selling reference is designed for quick consultation on problems seen in infants, children, and adolescents. More than 450 problems are covered in the fast-access two-page outline format that makes The 5-Minute Consult Series titles so popular among busy clinicians. The book is organized into five sections--chief complaints, diseases, syndromes, physical findings, and tables.
