Zero at the bone seems to be an idiomatic expression off Emily Dickinson's poem:But never met this fellow, Attended or alone, Without a tighter breathing, And zero at the bone. The implication seemingly being a reference Zero (O [°] F − cold) to the bone. Literally, a chilling fear! It's informal and not a set idiom as such. See also:

In Zero to the Bone, however, Nina's carefully built and fiercely protected sense of personal autonomy (not to mention her big gala night) comes crashing down with the arrival of a personally addressed videotape that appears to be a snuff film depicting the murder of her friend and featured model, Christine Myers, a 21-year-old small-town girl turned actress whom we first met in Digging James Dean.

Zero At The Bone is a book filled with emotion, thrills and excitement and the story was lost in a flat narration. There needed to be more pitch in the characters voices to really bring out the story and events.

Late one evening in the summer of 2003, Erec Toso arrived home to his wife and children after an ordinary day at his university office. In the darkness of his yard, a rattlesnake lay along the path, basking in the post-monsoon coolness. Toso, lost in thought, never saw the snake, which struck him on the foot and injected a huge dose of venom. Zero at the Bone is a deeply personal narrative about Toso’s physical recovery and emotional transformation following this near-death experience. In elegant prose that inspires as much as it unsettles, Toso takes the reader along with him on his expedition into the uncharted territory of cellular damage, hallucination, and ultimately profound spiritual awakening. On all levels, it is a book about pain. Toso spares no detail in his accounts of agonizing hospital procedures, in his revelations about rattlesnake lore, or in his descriptions of the wide-ranging effects of snake venom. But quickly the reader realizes that the physical pain of the snakebite is only the more tangible marker of the psychological pain and turmoil that Toso endures in the emotional journey that ensues. In the months that follow his terrifying attack, priorities, daily habits, family relations, and definitions of self all come into question. What is predictable becomes problematic; what is comfortable becomes disconcerting. In a story that hinges on a common fear about an unlikely eventNthat of a snakebiteNToso uncovers a more widespread reality that many of us do not fear enoughNcomplacency.

Robert Eversz's edgy and endearing heroine Nina Zero is back...and this time she's embroiled in her most dangerous case ever -- investigating L.A.'s underground S&M scene while getting caught up in sex, lies, and babysitting. It's opening night of Nina Zero's first gallery show, and her staged photographs of Hollywood pulp scenes are attracting the interest of actual art connoisseurs, not just the usual gossip rag readership. But the excitement of the evening shifts to alarm when Nina receives an anonymous package containing an amateur bondage video that may have ended in death. As she and her editor at Scandal Times watch the rape and strangling of a young woman, Nina Zero recognizes a distinctive tattoo on the woman's right shoulder, and suddenly realizes why one of her models has missed the opening. Who sent the tape? And more important, what happened to the woman? Nina starts investigating her model and discovers a parallel life of S&M phone sex, blogs written in code, an illicit relationship with a celebrity hypnotherapist, and ties to the son of a billionaire film director. Her Scandal Times coverage of the case enrages the LAPD and attracts death threats from anonymous sources. Luckily, Nina has her trusted (but toothless) Rottweiler by her side, as well as a sexy but mysterious detective who keeps landing in her bed. Just when events begin to spin from her control, Nina's deeply dysfunctional family enters the fray, making life even more complicated for this ex-con with a soft heart and a chip on her shoulder. Set in a vividly sunny and sinister Los Angeles, Zero to the Bone is the best (and sexiest) Nina Zero novel yet.

Poetry. "Of the many ways of knowing the world, Stacie Cassarino in her elegant and poignant first book of poems, ZERO AT THE BONE, reminds us of the primacy of the senses. She tells us 'our mouths try to get it right' or that the 'mouth of the trees' will swallow us whole, by which she means taste is the most direct authenticator of experience and also the most defenseless because it's instruments of lips and tongue are eager. As a result, her great pre-occupation is with the vulnerability of human relationships, but as the title of the book suggests, Cassarino is fearless in her explorations of the risks. She knows 'you've got to live like everything will hurt you'~Michael Collier.
